## Scandinavian aesthetics

Simple, aesthetic and functional are the guiding principles that have shaped the expression of Scandinavian design - light and airy spaces.

## Design by: Tenzo Design studio

This product is designed by Tenzo Design studio. With nearly 90 years of experience in design and construction we have knowledge about manufacturing contemporary Scandinavian furniture to a broad international market.

## Stability

Art is a unique example when it comes to stability. The shelves stand stable without any support other than their solid oak edges and can be placed anywhere you like. No cross braces are needed.

## Solid oak

The sides and feet of Art are made of solid, oiled oak. Besides making a strong construction, it also allows the shelves to age beautifully.

## TENZO COLOUR NO.

001 WHITE/OAK

## DISPLAY YOUR TREASURES

Art is one of a kind when it comes to stability. Few other shelves can stand on its own like Art. It doesn't have any cross braces to disrupt the clean look but is yet completely steady. The shelves are beautiful in their appearance and are suitable as a room divider. It is also a good display location for your treasures.

The sides and feet are made of solid, oiled oak and the shelves are made of 19 mm chipboard lacquered in high-quality white paint. The oak does not only make it a strong construction, but it also allows Art to age beautifully.
