Design by: Tenzo Design studio

This product is designed by Tenzo Design studio. With nearly 90 years of experience in design and construction, we know about manufacturing contemporary Scandinavian furniture to a broad international market.

Contemporary and timeless

Mello is designed to connect with the Scandinavian design heritage – clean lines with no fuss. The appearance of Mello is both contemporary and timeless.

Details

The black metal framed legs and the black handles create contrasts and give Mello an interesting look. The handle is crafted with an inset that makes this furniture exclusive. The details are designed with a reflection for creating a collection that makes an impression.

Made in Sweden

At Tenzo, we design and produce modern, high-quality furniture. Our production facilities are located in Smålandsstenar in the south of Sweden.

MELLO

CONTEMPORARY AND TIMELESS

Furnishing is not just about creating a look – it's about making a place where you and your personality belongs. The Mello storage collection allows you to create the perfect space to reflect you and your lifestyle.

The Mello furniture got a pure look with its lacquered body and fronts. The black metal legs reinforce the feeling of a contemporary furniture range with clean lines. To add style, the handles are crafted with an inset that creates a pale shadow and gives Mello its character. The thoughtfully designed details got an attitude to catch the eye, and make Mello a timeless classic.
