

M A R B L E S

Maybe some of you already noticed, but „Zuckerguss“, „I mog Di“ and „Piórko“ all have something in common. A new dyeing method! We like Our newcomers so much, that's why we're launching a new product line called „Marbles“. Like the marble, with its delicate structures and like the marbles, with their color gradients, with which we played for hours in childhood. Marbled marble! We revive many beautiful childhood memories with „Marbles“ and look forward to our future creations. More info on 13th of May. Available from Friday the 17th of May.

DARTMOOR

There is a new color called Dartmoor, a „peat“ black-brown, which we combined with one of our new marbles. We dyed the colors extra for the beautiful sweater pattern „[Zweig](#)“ by Caitlin Hunter.
