Our **CUP 2020!** *is soon available for you*

The Wollmeise cup goes into the next round.
In 2019, the Wollmeise was all about climate
and environmental protection.

We've presented
our great Prima-Klima wool
and it was simply a hit.

So why not just a cup
dedicate this concise topic ?!

The icing on the cake is
the pretty globe.

And here it is: our cup 2020!

One - Two or Three you've got the choice!

Our beautiful cups are available
Solo, as a Duo or also as a Trio.

price adjustment

Unfortunately, our raw materials and postage are pushed upward in price.

For this reason, we also have to ADJUST our prices for the coming year.

But we have a "candy" for you.

SPOILER ALERT:

From January the 10th you can do a lot of underweight blends purchase at the „Nobody is Perfect“ price.

Instead of our regular 150 gram skeins, our Nobodies only deviate slightly.

These skeins weigh between 142 grams to 149 grams.
