

Newsletter September:

Wollmeise Advent Calender

The sale has started and goes on very well.

Some questions came up, which of course I do not want to leave unanswered:

What do you get? You will receive a delivery with 24 bags. The content is always at least a Birdie in Twin, but often there are even more surprises in it, like two extra Birdies.

How can you imagine the two rainbow variants? Jewel Tones (Gemstone Colors) are clear strong winter colors such as Kornblume, Wasabi or Fuchsia. The muted rainbow is much gentler, earthier, yet strong and not pastel. In this rainbow I used colors like Zimtapfel, Cassis or Ballerina. In both rainbows, the colors flow harmoniously from yellow-red-purple-blue over turquoise to green.

Another thing we have not announced yet: I am an absolute deco muffle :- (and I would be happy about pictures, as you put your calendar in scene. The nicest ideas will be awarded (but do not take too long with the pictures, we all want the perfect input for the most beautiful pre-Christmas season), but more will be available soon.

Reading material on multiple request

From now on the new books by Asa Tricosa ("Ziggurat") and Melanie Berg ("Shawls") as well as the popular knitting books by Martina Behm are available online in the [pattern section \(Specials - Meisenkits & Pattern\)](#).

Of course you will also find our exclusive Wollmeise patterns and kits there.
