
Wollmeisenbad

* Detergent for wool and fine laundry Instruction for Use

* Lessive pour laine et linge délicat Mode d'emploi

Detergent for wool

This mild detergent is our tested formula for gentle washing of high-quality wool, silk and mixed fabrics. Wollmeisenbad releases a pleasant smell and operates carefully with your sensitive and valuable garments without using phosphates, bleachers, optical brighteners or enzymes.

The finely balanced formula penetrates deeply into the fibers, achieving a fluffy and clean result for outstanding wearing comfort. Wollmeisenbad cares gently for sensitive and delicate fabrics, and bright colours are preserved for a long time.

Wollmeisenbad is suitable for 20 °C, 30 °C till **max. 40 °C (105 °F)**.

Instruction for Use

Before washing please take care for warning, hazard statements, precautions and first aid as indicated, check the directions on the garment and test new tissues for colour-fastness.

- * **For Hand Wash:** pour **one** full sealing cap (15 ml) Wollmeisenbad into 10 l **cold or max. lukewarm water**, then add all clothes, allow and support soaking for about 15 minutes, rinse with clear water, press gently but do not wring.
- * **For Machine Wash:** temperature from 20 °C till **max. 40 °C (105 °F)** with standard load (2,5 kg, without pre-wash), select the adequate cycle and follow dosage information:

Soft/medium water hardness, lightly soiled fabrics	45 ml (3 caps)
Soft/medium water hardness, heavily soiled fabrics	60 ml (4 caps)
Hard water hardness, lightly soiled fabrics	60 ml (4 caps)
Hard water hardness, heavily soiled fabrics	75 ml (5 caps)

Hazard Statements

HARMFUL IF SWALLOWED.
CAUSES RESPIRATORY TRACT,
EYE AND SKIN IRRITATION.

Precautions

Keep out of the reach of children. Use only with adequate ventilation. Do not swallow. Do not get on skin or clothing. Avoid contact with eyes. Avoid breathing vapor or mist. Keep container tightly closed and sealed until ready for use. Wash thoroughly after handling.

Contains (USA, CDN)

propane-1,2-diol; butane-1,3-diol; sulfonic acids, C14-17-sec-alkane, sodium salts; ethanol; alcohols, C12-14, ethoxylated, sulfates, sodium salts; sodium chloride; N,N-bis (2-hydroxyethyl)oleamide;

Contains (EU)

5–15% anionic surfactants, <5% amphoteric and non-ionic surfactants; perfumes, butylphenyl methylpropional, citronellol, hexyl cinnamal, hydroxycitronellal; benzoic acid

First Aid

Eye contact Check for and remove any contact lenses. Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention if symptoms occur.

Skin contact In case of contact, immediately flush skin with plenty of water while removing contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Clean shoes thoroughly before reuse.

Inhalation Move exposed person to fresh air. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention.

Ingestion Call physician immediately. Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.
