FREEDOM FOR YOUR FEET

Have you ever started off on the wrong foot? That's what a life in uncomfortable socks feels like.

At Knitido® we believe no one deserves that. This is why our credo is: **freedom for your feet.**

We produce toe socks that:

- ✓ guarantee you **freedom of movement**
- ✓ provide a **good foot climate**
- ✓ and give you a real **barefoot feeling.**

In the **Knitido® annual catalogue** you'll find all products clearly sorted by needs and occasion.

You can be sure to find precisely the right socks for your needs – and you'll never have to walk in uncomfortable socks ever again.

LOOK OUT FOR THE NEW SUSTAINABLE COLOURS

At Knitido we are careful not to produce waste. We process threads from previous production cycles into small batches of our [Sustainable line](#). This protects the environment and provides variety.

And the best thing about it: For every pair of Sustainable socks sold we donate 1€ to an international children's charity.

THERE IS NO SUCH THING AS BAD WEATHER...

... at least not with merino wool.

- 🧶 Merino **regulates your body temperature** both in cold and warm weather: it cools down in summer and keeps warm in winter.
- 🧶 Merino binds moisture better than other materials and **keeps your feet dry**.

Merino & Cotton socks come as **split toe socks** in midi length and as **5-toe-socks** in all sorts of lengths.

YOUR DAILY GERM PROTECTION

Prevent the spread of bacteria, athlete's foot and foot odours: Dr. Foot® Silver Protect toe socks contain a silver thread that is proven to help maintain a good foot climate.

By damaging the outer shell of germs it protects those parts of the foot most susceptible to infections: the heel and toes. That's where the silver thread is integrated within the cotton thread.

- ✓ certified silver thread
- ✓ no direct skin contact
- ✓ natural germ protection
- ✓ prevents foot odours
- ✓ long-lasting effect
- ✓ machine washable with 60°C

Wear silver toe socks to protect your feet in everyday life, in care facilities or in working shoes.

BUNION SUPPORT

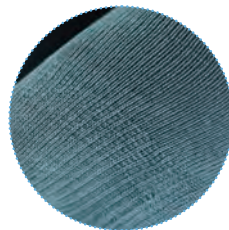

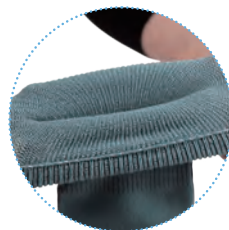

Hallux Valgus or bunion occurs when your big toe moves out of place: this usually leads to a painful inflammation of the metatarsophalangeal joint.

There are different ways to help with this malpositioning: with Dr. Foot® Hallux Valgus toe socks or with Taping Loops®.

With Knitido Dr. Foot® Hallux-Valgus-toe socks and compression bands

- ✓ you relieve your weakened ligaments and muscles
- ✓ you relieve the metatarsophalangeal joint
- ✓ you mobilise your toes and stimulate the strengthening of your feet

With **Taping Loops®** you can
apply the same principle as
taping without having to ap-
ply the tape on your own:

- ✓ it pulls the big toe into its
correct position
- ✓ reusable
- ✓ skin-friendly and sanitary
- ✓ can be worn barefoot or
over toe socks
- ✓ also applicable for hammer
toe

How to find your sock size

You have exactly the size that does not fit in any box? Leave the tape measure and calculator aside, finding the right socks is easy.

1

IS THERE A NOTE ON THE PRODUCT?

If a model tends to have a smaller or larger fit, it is usually written in the description. Just **take the recommended size**.

2

DO YOU HAVE LONG TOES?

Then it is worth choosing **the next size up**.

3

IN ALL OTHER CASES, THE PRINCIPLE APPLIES:

Fitted is better. If you are between sizes, better choose the smaller size – the elastane in the sock will provide the necessary adjustment.

HOW TO PUT ON TOE SOCKS – AND HOW TO TAKE THEM OFF

Don't worry, putting toe socks on is not that hard, it might just need a little longer the first time you do it.

In our short **explanatory video** you'll find everything you need to know on **how to wear toe socks**.

A low-angle, rear-view shot of a hiker's legs and feet as they ascend a rocky, grassy trail. The hiker is wearing dark hiking pants, a red shirt, and brown hiking boots with orange accents. A yellow rope is attached to their waist. They are using a silver trekking pole. The background shows a bright, hazy sky with scattered clouds and distant mountains. The sun is low on the horizon, creating a warm, golden glow and lens flare effects.
